

Reach for the Stars Book Jacket Fun Fold Card

(For this card - watching the video is the easiest way to see how to assemble it!)

Link to the Video on how to make this card:

<https://youtube.com/live/FgqRCzuhEjc>

Card Stock Cuts for this Project:

Basic Black Cardstock: 5 1/2" x 7 1/4" (Back and end Flap piece - scored and folded at 4 1/4"); 5 1/2" x 6 3/4" ("spine" and front flap piece - scored and folded at 1/2", 1 1/2", 2 1/2" and 3 1/2")

Blueberry Bushel Cardstock: 3 1/8" x 5 3/8" (x2 - mats for front flap and for Inside of card); 7/8" x 5 3/8" (mat for "spine"); 2 7/8" x 5 3/8" (x2 - mats for "secret inside" panel and back of "secret inside" panel)

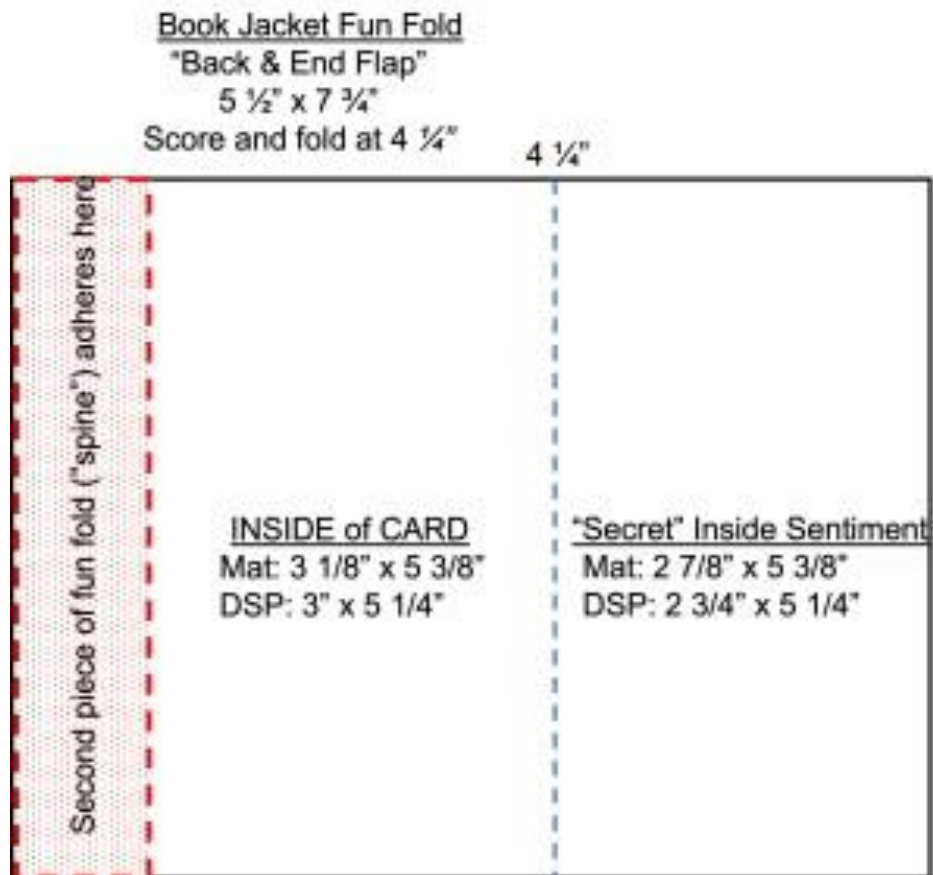

Holographic Trio Specialty Paper: 1/4" x 5 1/4" (x2 - on front panel); Reach for the Stars die cut stars

Basic White Cardstock: Stamped & Die Cut Reach for the Stars images; fussy cut sentiment on "secret inside" panel; Larger Reach for the Stars die cut "flames"

Stargazing DSP: 3" x 5 1/4" (x2 - front flap and Inside of card); 3/4" x 5 3/4" ("spine"); 2 3/4" x 5 1/4" (x2 - "secret inside" panel and back of "secret inside" panel); Die cut planets; Smallest Reach for the Stars circle die (astronaut face mask); 2 1/4" x 6" (envelope flap)

Instructions for this Project:

1. Score & fold the 5 1/2" x 7 3/4" piece of Black cardstock at 4 1/4".

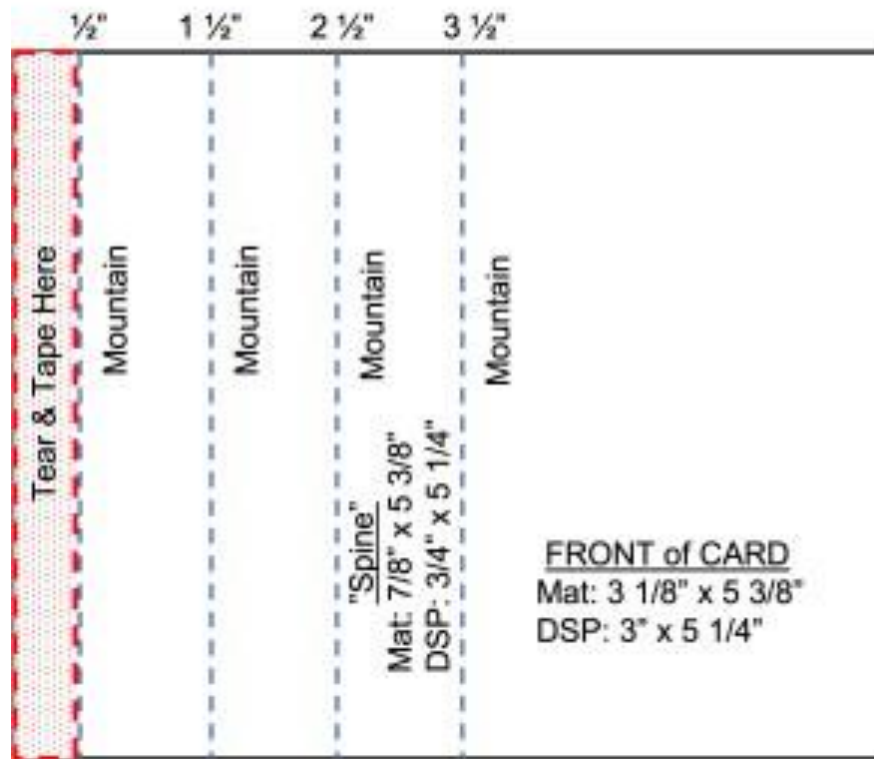

2. Score and fold the 5 1/2" x 6 3/4" piece of Basic Black cardstock at 1/2", 1 1/2", 2 1/2" and 3 1/2" - with all the score lines folded in the same direction.

Book Jacket Fun Fold

"Spine" and Front

5 1/2" x 6 3/4"

3. Put Tear & Tape Adhesive on the 1/2" section of the second piece "Spine" and Jacket, close to the fold.
4. Fold and adhere back on the panel to create the "spine". TIP: The video is the best place to see how to assemble the card - it starts at the **6-minute** mark if you want to skip right to that part.

5. Fold the larger piece at 4 1/4" and, with the fold on the RIGHT as you look at it, use Tear & Tape adhesive to adhere the "spine" to the left end of the panel. TIP: Once again, the video is the best place to see how to assemble the card - it starts at the 6-minute mark if you want to skip right to that part.

6. Use Liquid Glue to adhere the **Stargazing DSP** pieces on their Blueberry Bushel mats...
 - a) Front: 3 1/8" x 5 3/8" mat with 3" x 5 1/4" DSP
 - b) Spine: 7/8" x 5 3/8" mat with 3/4" x 5 1/4" DSP
 - c) Inside of Card: 3 1/8" x 5 3/8" mat with 3" x 5 1/4" DSP

- d) "Secret Inside" panel: 2 7/8" x 5 3/8" mat with 2 3/4" x 5 1/4" DSP
 - e) Back of "Secret Inside" panel: 2 7/8" mat with 2 3/4" x 5 1/4" DSP (this will look like the front when the card is closed...it's the panel you see in the picture just above!)
7. Use Liquid Glue to adhere all but the matted front piece onto their respective places on the card.
8. Cut the following pieces:
- a) Use the smallest **Reach for the Stars** circle die to cut a piece of dark **Stargazing DSP** with stars for the face mask of the astronaut.
 - b) Use the next two bigger circle dies to cut out two planets from the **Stargazing DSP**. The sample uses a Pumpkin Pie and a Berry Burst planet.
 - c) Use the fourth-from-smallest-circle die from the set to cut two planets from the **Stargazing DSP** - one in Pumpkin Pie (for the sentiment) and one in Crushed Curry.
 - d) Use both star dies to cut out a bunch of stars from the silver **Holographic Trio Specialty Paper**.
 - e) Cut two of the larger "flame" dies from Basic White cardstock.
 - f) Stamp the shuttle image in Blueberry Bushel on a piece of Basic White cardstock and cut it out with its **Reach for the Stars** die.
 - g) Stamp the astronaut in Tuxedo Black Memento Ink on a piece of Basic White cardstock and cut it out with its **Reach for the Stars** die.
 - h) Use Paper Snips to cut out one of the smaller "Saturn" images from the **Stargazing DSP**.

9. Stamp ***Reach for the Stars*** sentiment in Blueberry Bushel ink on the larger Pumpkin Pie die cut planet.
10. Use Liquid Glue to adhere the two 1/4" x 5 1/4" strips of Berry Burst ***Holographic Trio Specialty Paper*** to the card front.
11. Use Liquid Glue to adhere the die cut planets - starting with the smallest.
12. Use the Light Blueberry Bushel Stampin' Blend to add color and shadowing to the die cut shuttle.
13. Use the ***Clear Wink of Stella Glitter Brush*** to color the inked portions of the die cut.
14. Use the Light and Dark Pumpkin Pie Stampin' Blends to color the die cut "flames"
15. Use Liquid Glue to adhere the larger Crushed Curry planet.
16. Use Liquid Glue - or Stampin' Dimensionals would work, too! - to adhere the shuttle over the top of the die cut planet. TIP: I used Dimensionals in the video if you want to see how that looks!
17. Adhere the flames in place with Liquid Glue (or the Dimensionals).

18. Use Liquid Glue to adhere a bunch of the *Holographic* die cut stars on the front panel and on the "spine"!
19. Use Liquid Glue to adhere the fussy cut Saturn on the "secret inside" panel.

20. Use the Light Fresh Freesia Stampin' Blend to color the creases and folds of the astronaut die cut. Tip: use the color sparingly - you are highlighting, not coloring.
21. Use Liquid Glue to adhere the die cut to the panel.
22. Use the Clear Wink of Stella Glitter Brush on the smallest **Reach for the Stars** circle die cut piece of dark **Stargazing DSP**.
23. Use Liquid Glue to adhere it on the astronaut die cut to create the face mask.
24. Stamp the sentiment in Blueberry Bushel on a piece of Basic White cardstock.
25. Use Paper Snips to cut out each of the words.
26. Use the Fresh Freesia Stampin' Write Marker to "edge" both word pieces.
27. Use Liquid Glue to adhere the words to the "secret" panel.
28. Use Liquid Glue to adhere more die cut stars.
29. Stamp the **Reach for the Stars** splatters image a few times in Blueberry Bushel ink and the stars in Fresh Freesia on the front of the Basic White Medium Envelope.
30. Add a thin line of Liquid Glue around the edges of the envelope flap.
31. Lay the 2 1/4" x 6" piece of **Stargazing DSP** over the flap and rub it lightly to ensure it's stuck down.
32. Use Paper Snips to trim off the excess paper.
33. DONE! ☺
