Card Stock Cuts for this Project:

Night of Navy Cardstock: Stars at Night Die cut stars (x3); Night Divine die cut Nativity

Distressed Gold Specialty Paper: Stars at Night Die cut small stars (2 total)

Shining Brightly Specialty DSP: Next-to-largest Stylish Shapes circle die cuts (x2 for each ornament)

Instructions for this Project:

1. For the star ornament use the next-to-largest **Stylish Shapes** circle die to cut a Night of Navy and gold and a Very Vanilla and Gold circle from **Shining Brightly Specialty DSP**.
2. Use the large many-point "stitched" star die from **Stars At Night** to cut out three Night of Navy stars.
3. Using a Paper Trimmer to lightly score down the center of each die cut and fold them in half.
4. Use Liquid Glue on just half of the backs of two stars and align all the tips to adhere the three stars together.

5. Use a doubled length of gold **Simply Elegant Trim** to add to a 3" gold Macrame hoop (get them at most hobby/craft stores or...here's a link to them on [Amazon!](#)). Loop it around the bottom of the hoop - then knot it on the other side.
6. Use Liquid Glue to "sandwich" the gold trim between the two **Stylish Shapes** circle die cuts

7. Use Liquid Glue to adhere the star to the Very Vanilla side of the ornament. The video link is a good way to see how to do that!
8. Use the four-point **Stars at Night** star die to cut a star from **Distressed Gold Specialty Paper**.
9. Use Liquid Glue to adhere the star to the middle of the Night of Navy star.
10. Knot a short length of **Night Of Navy & Gold 1/2" Glittered Ribbon** around the top of the loop of gold trim.

11. For the Nativity ornament use the next-to-largest **Stylish Shapes** circle die to cut a circle Gold Foil (for the front) and one from the Night of Navy and Gold **Shining Brightly Specialty DSP**.
12. Use the **Night Divine** die to cut out a Night of Navy Nativity.
13. Use the next-to-largest **Stylish Shapes** circle die to cut it into the circle shape.
14. Use little tiny dots of Liquid Glue to adhere the die cut to the Gold Foil die cut circle.

15. Add the Simply Elegant Trim and use Liquid Glue to "sandwich" it between the two die cut circles.
16. Tie a simple bow around the looped trim with the *Night Of Navy & Gold 1/2" Glittered Ribbon*.

17. Use the *Stars at Night* die to cut out a *Distressed Gold* star.
18. Use Liquid Glue to adhere the star.
19. If you have any left - adhere an Adhesive-backed Star Trinket.
20. DONE! ☺
